

SHADOW DAYS

Shadowing shifts offer Medical Aestheticians the opportunity to spend a day with the ClaraDerma Medical Aesthetics team and be their shadow.

This includes seeing: patient treatments, consultations, and the opportunity to ask questions and hear Medical Aestheticians talk through each patient procedure. Although there is no hands on training for the trainee on this day, having the opportunity to see treatments, hear why certain procedures were selected, discuss product choices and of course ask questions, makes a world of difference.

SHADOWING DAY FEES:

1 Shadow Day: \$500.00 CDN

2 Shadow Days: \$800.00 CDN

3 Shadow Days: \$1,300.00 CDN

HANDS ON DAYS

Trainees are supported in facial assessment, skin typing and procedure selection. Theory is reviewed along with, trends and most importantly why certain techniques and procedures are used based on the unique patient skin type and desired results.
